

Library Details

Shri Swami Samarth CBSE School, we believe that a love for reading is the foundation of lifelong learning. Our school library is not just a room filled with books; it is a vibrant intellectual hub designed to spark curiosity, foster critical thinking, and cultivate a deep passion for discovery in our students.

A Vast and Growing Collection

Our library boasts a curated collection of *more than 300 books* tailored to meet the academic, intellectual, and emotional needs of our diverse student body. We understand that different age groups require different stimuli, which is why our shelves are meticulously organized by reading levels and genres:

The Early Readers (Pre-Primary to Class II): Bright picture books, fairy tales, and phonics-based storybooks that make their first steps into reading magical.

The Budding Scholars (Class III to VII): A rich mix of children's fiction, biographies, general knowledge books, and illustrated science guides to feed their growing curiosity.

The Advanced Learners (Class VIII and above): Thought-provoking classic literature, contemporary fiction, foundational reference books for the CBSE curriculum, and career guidance resources.

Staying Updated: Periodicals and Current Affairs

To ensure our students stay connected with the world around them, the library subscribes to a wide range of daily publications and periodicals:

National Newspapers: Keeping students informed about national and global current affairs, essential for building civic awareness and group discussion skills.

Educational & Children's Magazines: Subscriptions to popular age-appropriate magazines that cover science, nature, history, and general knowledge in a fun, digestible format.

Quiet & Welcoming Ambiance: A brightly lit, well-ventilated, and peaceful environment that encourages long hours of focused reading.

The library at **Shri Swami Samarth CBSE School** aims to support the school's curriculum while also encouraging independent reading for pleasure. By providing access to diverse literature, newspapers, and magazines, we aim to develop strong vocabulary, excellent communication skills, and well-rounded global citizens.
